LinkedIn | Avadi, Chennai-62

SUMMARY

A Developer with 1+ year of practical experience in the **Zoho ecosystem**, specializing in automated workflows, custom CRM solutions, and API integrations. Skilled in **React, JavaScript, and Python**, with a focus on building scalable SaaS features and responsive UI/UX. Passionate about problem-solving and eager to contribute to innovative software solutions.

TECHNICAL SKILLS

Programming Languages & Core: Python, JavaScript (ES6+), HTML5, CSS3
Frontend & React Ecosystem: React.js, Redux, Context API, React Hooks, State Management, Responsive Design, Tailwind CSS
Backend & Databases: Node.js, Express.js, MongoDB, SQL, Firebase, RESTful APIs
AI, Agentic & Dev Tools: Claude Code, Cursor / AI IDEs, VS Code, Git, GitHub
Core Concepts: Object-Oriented Programming (OOP), Component-Driven Architecture, Asynchronous Programming, API Integration, Debugging

Experience

1. **Elite Tech Corp:**
   Zoho Developer Intern
   Feb 2025 - Mar 2026

- Customized enterprise **CRM applications** to optimize business workflows and improve operational efficiency
- Integrated and handled REST APIs, efficiently managing request and response lifecycles for seamless data synchronization.
- Acquired comprehensive industry knowledge in SaaS product ecosystems, client requirements gathering, and software implementation.

2. **Shiash Info Solutions Private Limited:**
   Machine Learning Intern
   May 2024 - July 2024

- Enhanced model accuracy by 20% through optimizing CNN architecture for **Next Word Prediction** tasks.
- Reduced model training time by 30% by implementing efficient preprocessing techniques.
- Collaborated with teams to ensure smooth implementation of machine learning models in real-world datasets like Movie Scripts.

PROJECT

Net-Book Community Static Website [link]

HTML | CSS | JavaScript | Bootstrap

- Designed and developed a responsive, static community website using **HTML5 and CSS3.**
- Focused on **modern UI/UX principles**, advanced CSS techniques like flexbox and grid, and **performance optimization.**
- Created intuitive navigation and engaging layouts, ensuring brand consistency and a polished user experience.

AI Dress Advisor [Live Link if available]

HTML | CSS | JavaScript | Python | Flask | OpenCV

- **Developed** a responsive web application using **JavaScript** to provide personalized outfit recommendations based on user-uploaded images.
- **Implemented** real-time facial detection and skin tone analysis with **OpenCV**, enhancing the accuracy of recommendations.
- **Created** a seamless user interface, ensuring a user- friendly experience through effective use of **HTML** and **CSS**.
- **Integrated** a **Flask** backend that streamlined image processing and data management, achieving seamless communication between front-end and back-end systems while enhancing overall application efficiency by 25% through improved response times.
- **Engineered asynchronous image processing** pipeline handling **200 requests** per minute, reducing server response latency by 2.3 seconds and enabling seamless integration of new AI modules
- **Collaborated** with peers to design and test the application, incorporating feedback to improve functionality and user experience

EDUCATION

Bachelor of Computer Applications (BCA)
DRBCCC College | University of Madras | **May 2024**
Score: 80.8%

Higher Secondary Education
Sri Venkateshwara Met. Hr. Sec. School | Commerce with Computer Applications | **April 2021**
Score: 81%
